YMCA PERSONAL PRICING/FINANCIAL ASSISTANCE

We believe the Lincoln YMCA and a healthier lifestyle should be available to every family, every person and every budget. That's why we offer an income-based fee scale called Personal Pricing. This is an exciting program designed to fit the financial situations of a greater number of individuals and families. Your Personal Priced rate is determined by your income level and family size. Personal pricing provides affordable monthly membership rates for families with annual incomes under \$45,000 and individual adults with annual incomes under \$35,000.
